this sixth volume of the state of the world s indigenous peoples focuses on the climate crisis its impact on indigenous peoples and the role  
indigenous peoples can and do play in mitigating the effects of climate change it aims to provide a comprehensive overview of current and  
emerging issues in the context of the climate crisis from the perspective of indigenous peoples drawing on illustrative examples from across  
the seven sociocultural regions the publication highlights both challenges and good practices linked to indigenous peoples experiences with  
and responses to the ongoing climate crisis ultimately this report is intended to serve as an authoritative reference and advocacy tool for  
indigenous peoples and civil society organizations and to contribute to the broader conversation around climate change mitigation adaptation  
and resilience

the aim of the volume is to bring together the latest research on the importance of bishops palaces for social and political history landscape history architectural history and archaeology it is structured in three sections design and function landscape and urban context and architectural form and includes contributions from the late antique period through to the eighteenth and nineteenth centuries considering bishops residences in england scotland wales the byzantine empire france and italy

the renowned and illustrious tales of king arthur his knights and the round table pervade all european vernaculars as well as the latin tradition arthurian narrative material which had originally been transmitted in oral culture began to be inscribed regularly in the twelfth century developing from pseudo historical beginnings in the latin chronicles of historians such as geoffrey of monmouth into masterful literary works like the romances of chrétien de troyes evidently a big hit arthur found himself being swiftly translated adapted and integrated into the literary traditions of almost every european vernacular during the thirteenth and fourteenth centuries this handbook seeks to showcase the european character of arthurian romance both past and present by working across national philological boundaries which in the past have tended to segregate the study of arthurian romance according to language as well as by exploring primary texts from different vernaculars and the latin tradition in conjunction with recent theoretical concepts and approaches this handbook brings together a pioneering and more complete view of the specifically european context of arthurian romance and promotes the more connected study of arthurian literature across the entirety of its european context

in 1848 the penultimate year of his life chopin visited england and scotland at the instigation of his aristocratic scots pupil jane stirling in the autumn of that year he returned to paris the following autumn he was dead despite the fascination the composer continues to hold for scholars

this brief but important period and his previous visit to london in 1837 remain little known in this richly illustrated study peter willis draws on extensive original documentary evidence as well as cultural artefacts to tell the story of these two visits and to place them into aristocratic and artistic life in mid nineteenth century england and scotland in addition to filling a significant hole in our knowledge of the composer s life the book adds to our understanding of a number of important figures including jane stirling and the painter ary scheffer the social and artistic milieux of london manchester glasgow and edinburgh are brought to vivid life
